заочного заседания наблюдательно совета Программы социальной поддержки граждан Российской Федерации, самостоятельно поступивших в ведущие иностранные образовательные организации и обучающихся в них по специальностям и направлениям подготовки, качество обучения по которым соответствует лучшим мировым стандартам, и обеспечения их трудоустройства в организации, зарегистрированные на территории Российской Федерации, в соответствии с полученной квалификацией, утвержденной постановлением Правительства Российской Федерации от 20 июня 2014 г. № 568, по вопросу об утверждении таблицы соответствия образовательных программ, реализуемых иностранными образовательными организациями, укрупненным группам специальностей и направлений подготовки

от 17 ноября 2014 г.

№ ДЛ-47/05пр

Москва

В соответствии с пунктом 12 Положения о наблюдательном совете Программы социальной поддержки граждан Российской Федерации, самостоятельно поступивших в ведущие иностранные образовательные организации и обучающихся в них по специальностям и направлениям подготовки, качество обучения по которым соответствует лучшим мировым стандартам, и обеспечения их трудоустройства в организации, зарегистрированные на территории Российской Федерации, в соответствии с полученной квалификацией (далее – наблюдательный совет Программы), утвержденного постановлением Правительства Российской Федерации от 20 июня 2014 г. № 568 «О мерах по социальной поддержке граждан Российской Федерации, самостоятельно поступивших в ведущие иностранные образовательные организации и обучающихся в них по специальностям и направлениям подготовки, качество обучения по которым соответствует лучшим мировым стандартам, и по обеспечению их трудоустройства в организации,

зарегистрированные на территории Российской Федерации, в соответствии с полученной квалификацией», поступило 20 опросных листов от членов наблюдательного совета Программы.

Об утверждении таблицы соответствия иностранных образовательных программ направлениям и специальностям подготовки согласно распоряжению Правительства Российской Федерации от 20 июня 2014 г. № 1094-р

1. Утвердить таблицу соответствия образовательных программ, реализуемых иностранными образовательными организациями, укрупненным группам специальностей и направлений подготовки, утвержденных приказом Минобрнауки России от 12 сентября 2013 г. № 1061, в соответствии с распоряжением Правительства Российской Федерации от 20 июня 2014 г. № 1094-р, разработанную автономной некоммерческой организацией «Агентство стратегических инициатив по продвижению новых проектов» совместно с Минобрнауки России, согласно приложению.

Голосовали:

«утвердить» – 20;

«доработать» – 0;

«воздержались» – 9.

Решение принято.

2. Иные предложения, представленные членами наблюдательного совета Программы, рассмотреть на очередном заседании.

Министр,
председатель наблюдательного совета

 Д.В. Ливанов

* Перечень специальностей и направлений подготовки в соответствии с распоряжением Правительства Российской Федерации от 20 июня 2014 г. № 1094-р, утвержденный приказом Минобрнауки России от 12 сентября 2013 г. № 1061.

** Официальное наименование образовательной программы кандидата на английском языке должно совпадать с указанным в настоящей таблице (столбец № 4) наименованием и может допускать отнесение к более узкой специализации, отрасли или профессиональной деятельности.

В случае официального наименования образовательной программы на ином иностранном языке оно должно быть эквивалентным одному из указанных в настоящей таблице (столбец № 4) наименований и может допускать отнесение к более узкой специализации, отрасли или профессиональной деятельности.

*** Образовательные программы по направлению «Подготовка управленческих кадров в социальной сфере», по которым принятие окончательного решения о включении кандидата в Программу социальной поддержки граждан Российской Федерации, самостоятельно поступивших в ведущие иностранные образовательные организации и обучающихся в них по специальностям и направлениям подготовки, качество обучения по которым соответствует лучшим мировым стандартам, и обеспечения их трудоустройства в организации, зарегистрированные на территории Российской Федерации, в соответствии с полученной квалификацией, утвержденной постановлением Правительства Российской Федерации от 20 июня 2014 г. № 568 (далее – Программа) наблюдательным советом Программы будет осуществляться при выполнении следующих требований:

в рамках данного направления под социальной сферой рассматриваются такие отрасли, как здравоохранение, образование, культура, сфера социального обеспечения. Образовательные программы должны быть направлены на подготовку кадров в данных отраслях по обозначенным направлениям подготовки. Например, обучение по образовательной программе Public Administration возможно только в том случае, если выбранная образовательная программа специализируется на подготовке специалистов в области управления здравоохранением, образованием, сферой культуры, сферой социального обеспечения;

подготовка специалистов по данному направлению осуществляется в области управления (образовательные программы по подготовке специалистов не в области управления не входят в данное направление подготовки, например, психология для отрасли образования и прочее).

в образовательные программы по данному направлению не входят программы обучения специалистов в области корпоративного, государственного управления или его отдельных составляющих (финансы, маркетинг, управление персоналом, управление проектами, стратегическое управление, управление информационными системами и прочее);

кандидат на участие в Программе по данному направлению должен дополнительно предоставить учебный план образовательной программы, содержащий сведения о перечне базовых и вариативных дисциплин, объеме учебных часов и (или) зачетных единиц и другие сведения, подтверждающий соответствие выбранной кандидатом образовательной программы требованиям Программы.

Таблица может быть использована только в целях реализации Программы.
